CASHEW KERNEL PRICES WEAK ON SLOW DEMAND

In the 1st quarter of 2024, cashew kernel prices have been reduced by nearly 20% due to slower demand in the domestic market according to the news sources. Demand from bulk buyers as well as in retail market is slower. Demand likely to increased in the second quarter. Usually demand slowing during summer.

POULTRY FEED PRICE INCREASED DUE TO INCREASE IN MAIZE PRICE

Maize is one of the main ingredient of poultry feed and poultry feed prices have gone up from Rs.36000 to Rs.40000 to 41000 per ton due to increase in Maize prices. Demand for Maize have been increased for the production of feeds and the production of feeds and for the production of ethenol according to the news sources.

PALM OIL PRICES LIKELY TO MOVE DOWN IN APRIL

Palm oil price likely to come down from present higher level to RM 4000 or below due to ample Global supply of Soy oil and seasonal production recovery of palm oil according to MPOC. Malaysian Palm Oil Council. Demand after Ramdan month likely to decline. Higher supply of soft oils as well as lower exports of palm oil would push down prices.

PALM OIL RISES IN EARLY TRADE

Malaysian palm oil futures rose on Tuesday 19/3 early trade following gains in Dalian market. Palm oil futures for May delivery rose by 0.38% to RM 4252 during early trade yesterdays closing price is at RM 4240 (\$ 899.07) per ton.
