Futures Price Trend

Market Analysis

ICE September arabica coffee settled down 4.7 cents, or 4.2%, at \$1.064 per lb. Coffee futures on ICE plunged from their 2019 highs on Monday as the impact of a weekend frost in top-grower Brazil appeared to be less damaging than some traders had feared, though the market was still gauging the frost's full impact on the crop. Prices had been steadily climbing in the preceding weeks and hit a seven-month high on Friday on forecasts for cold, frost-inducing weather in Brazil. September robusta coffee settled down \$18, or 1.3%, at \$1,426 per tonne.
