**Futures Price Trend**

**Market Analysis**

ICE May arabica coffee settled down 0.2 cent, or 0.2 percent, at 96.65 cents per lb. Prices have been weighed down by excess global supplies, especially in top-grower Brazil, which harvested a record-large crop last year and Brazil's production outlook for this year also appears favourable, even though it will be an off-year in the country's biennial crop cycle. May robusta coffee settled up \$23, or 1.6 percent, at \$1,508 per tonne.
