Futures Price Trend

Market Analysis

ICE Arabica coffee futures prices inched down to a two-month low as the market remained technically weak after falling below key moving averages last month, while Brazil's weak currency also added slight pressure. ICE July arabica coffee futures settled down 1.85 cent, or 1.5 percent, at \$1.1965 per lb, the lowest since March 3. **London market was closed on Monday 2nd May 2016 on account of May Day UK holiday.**
