Futures Price Trend

Market Analysis

Brazil's Cepea reported that the first batches of new-crop robusta and arabicas beans arrived in the market at good quality and screen. While the weather is favouring harvesting the trading pace continued to be slow, unchanged since mid-May, when truckers went on their strike. A volatile US dollar as well as the fiscal and political uncertainties in Brazil contributed to this development. ICE July arabica coffee futures settled down 1.00 cent at \$1.1635. July robusta coffee futures settled down \$23 at \$1,706 per tonne.
