PALM OIL PRICE REMAINED HIGHER

Palm oil prices firm in domestic markets of India and remained higher with increasing Malaysian prices. Malaysian palm oil prices higher on good demand from importing countries and higher rival oil prices.

CHANA DAL, CHANA FLOUR PRICES RISES ON TIGHT SUPPLY

Chana (Gram) dal, Chana flour prices increased significantly on increasing festival season demand and tight supply due to lower production in previous rabi crop. Due to lower production of other pulses during last year other pulses prices such as Tur and Urad prices have been remained higher due to lower production. Prices have been increased before same days and now again increased(Chanadal, Chana flour)

GREEN PEAS PRICES AT ALL TIME HIGH

In the domestic market green peas price reached all time high of Rs.175 per kg. Supply remained lower on lower global production according to the news sources. Prices have been increased 3 or 4 times during this month. Prices likely to remain higher.
