INDIA'S AUGUST EDIBLE OIL IMPORTS UP BY 5% TO A RECORD

India's August edible oil imports rose to the record of 1.85 million tons including more than 1 million tons of Palm oil refineries are purchasing edible oil aggressively for the coming festivals. Palm oil imports rose from 1.09 million tons in July to 1.12 million tons in August. Malaysian Palm oil futures fell today mid-day break by RM 73 or 1.81% to RM 3968.65 (\$ 852.20) per ton.

DEMAND FOR CASHEW KERNELS LIKELY TO INCREASE

Demand for Cashew kernels likely to increase due to festival demand in coming days. Tanzania is increasing its processing capacity of RCN and targeting to increase exports of processed Cashew instead of RCN according to the news sources. Indian Cashew processors should support local cashew growers by purchasing RCN at reasonable higher rates to produce higher RCN for the industrial requirements. Otherwise it will be difficult to get RCN for Indian processors at reasonable prices in future years. Our processors can produce good quality cashew kernels from our domestic RCN and if the quality is highly good can compete with other similar processors in domestic as well as export market.

ONION NEW CROP HARVEST LIKELY TO BEGIN IN THIS MONTH

In some growing places of Karnataka Onion new crop harvest likely to begin during this month in some growing areas. New crop arrivals can curb rising prices.
