PALM OIL FUTURES FELL ON STONG CURRENCY, DEMAND CONCERN

Malaysian palm oil futures fell from early trade gains and traded lower by RM 33 or 0.87% to RM 37412 (\$ 786.96) per ton on stonger Malaysian currency against Dollar and as traders are waiting for supply demand data. Chicago soy oil futures traded up by 0.73%, Daliyan Exchange Soy oil trading up by 0.88% and plam oil by 0.44%.

SOYABEAN FUTURES AS (CHICAGO) AT 6 WEEK HIGH

Chicago soybean futures climb to 6 week high on strong demand for USA soy bean meals and Soy bean and speculators profit booking. Arjentine's poor crop would reduce global supplies and supported prices. Due to El-nino weather soybean planting in Brazil is on slow is also supporting factor for Soybean prices. Wheat price slightly went down as shipments from Ukrainien ports resumed after 3 days pause.

COPRA, C N OIL PRICES INCREASED ON GOVT PROCUREMENT

Copra and coconut oil prices are on increase due to activation of procurement by Goverment agencies such as NAFED in Kerala, Tamilnadu and Karnataka. Higher demand for festival use also drivan prices at upward trend. As production has increased significantly according to the trade and news sources.

CUMIN PRICES DOWN ON HIGHER ACREAGE, LOWER EXPORT DEMAND

After increasing since multy months now cumin prices are decreasing. Prospects of higher acerage of new crop and lower export demand put prices under pressure. Availability of Jeera from Turkey in global market has hit demand for Indian variety according to the news sources. In addition availability of cumin from China also caused lower demand for Indian variety in International market. Both Turkey and China variety are cheaper from Indian Variety. Sowing of cumin have began in Gujarath and Rajasthan and acerage is likely to be higher due to higher prices during last season. Prices have fallen to 4 months low and traders and analysts expert prices will decline further.
