## COCONUT OIL, COPRA PRICES INCREASED ON LOWER SUPPLY

Coconut oil, Copra prices have been significantly increased on lower supply and higher demand. Festival season have begin and demand increasing. Coconut oil and copra supply is lower to the market and prices likely to remain higher. Onam festival in Kerala and other festivals ahead. Demand likely to increase in coming days. Palm oil prices also increasing.

## ARECANUT PRICES ARE INCREASING

Arecanut or beetalnut prices increasing from past few days. Due to government actions against illegal imports smuggled goods arriving have been minimised, according to the news sources. Supply remains tight and prices are increasing. Production also lower due to adverse climate affect and prices likely to increase further. Increasing cultivation area would affect price in coming years.

## TURDAL, URIDDAL PRICES SOFTEN

Turdal prices have been dropped by Rs.400 to 600 per quintal and Urid dal prices have been decreased by Rs.200 per quintal. Increased Kharif sowing area of pulses likely put pressure on prices. Stocks with stockists and traders or growers could be realised to the market before new crop arrivals and supply likely to increase. Demand also likely to increase as festival season ahead.

## GRAM OR CHANA, ITS DALAND FLOUR PRICES INCREASED

Due to lower rabi crop production supply of chana and its products are lower. Prices have been increased by Rs.500 to 700 per quintal and prices likely to remain higher on increasing demand towards festival season.
