PALM OIL LOST BY 1.04% FOR THE WEEK

Malaysian palm oil entered to the 1st weekly after 2 weeks of gains on weaker Dalian oil market. Malaysian palm oil contract for February 24/11/2023 last by RM 61 or 1.54% to RM 3890 (\$ 831.55) per ton at closing. For the week contract lost by 1.04% after consecutive 2 weeks gains.

SUGAR PRICES STABLE

Sugar prices were stable and expected to remain steady for some days. Demand is good, ministry has allocated the quota of 24 lakh tons for the month of December, higher by 1lakh tons from November. As prices are cooling higher quota likely to presurise the sugar prices. During last season sugar prices are trading to a discount to new season sugar prices of Rs.40 to Rs 50 per quintal.

GOVERNMENT MAY SELL MOONG FROM BUFFER

Government likely to sell Moong to the public in retail to control rising prices according to the news sources. Government having 5 lakh tons of Moong is its stock as against 1 lakh tons normal and now planning to sell 30,000 tons of moong from it at a discounted rates according to the news sources.

PULSES PRICES FALLING IN MYANMER ON FALLING DEMAND

Pulses prices including Tur (Yellow Gram, Arhar) Urid (Black Gram) and Moong (Green Gram) are falling in Myanmar due to weak global demand. Due to high prices demand have been slowed down from countries such as India, China. New crop harvest time also nearing for some varieties of Pulses.
