CHANA PRICES REMAIN HIGHER

India has imported about 1.5 million tons of Yellow peas from Canada and Russia since December 2023. Yellow Peas imported in various forms such as whole, splits and besan. Despite Yellow peas imports Chana price in domestic market of India is not easing. Production is estimated at lower from last year. Due to high price Government procurement also lower as compared to last year according to the news sources. Farmers prefer to sell private traders than government procurement due to higher price in open market. Prices remains high due to tight supply.
