PALM OIL FUTURES HIGHER

Yesterday palm oil futures (10-9-2024) ended lower, but today opened higher. Yesterday futures closed lower on higher inventories. Palm oil prices have been significantly during 2nd half of this fiscal. Prices likely to remain higher.

SUGAR PRICES WEAK

Sugar prices weak in major domestic markets on slower demand. Prices likely to remain lower as demand could be lower after Ganesh Chaturthi festival, sales quota released for the month is sufficient to meet market demand and prices likely to continue stable to weak during this month.

MYANMAR PLANNING TO EXPORT MAIZE TO INDIA

Myanmar is planning to export maize to India as taxfree exports to Thailand is ending according to the news sources. Supply of maize likely to increase after kharif crop harvests and prices likely to ease after harvests.
